2. The 19th Division has moved from the Telmine area to the Metkevic area where it is under the command of the Sixth Army.
3. On 3, 4, and 5 December 1946, landing exercises took place in the area south of Ravizza and west of S. Andrea Island. Six hundred troops were involved, including infantry, Soviet assault engineers and Naval personnel. The units were armed with LMGs, small caliber cannon guns which were dismantled and carried in pieces, and rifles. Dark grey German lighters and motor boats were used as assault craft.
4. Firing exercises were recently held in the area east of Dignano - Sanvinoenti road. A Russian mortar with the following characteristics was used: Cal: 120mm, Range: 8000m, Angle: 45°, and lethal radius: 10m for tanks and 40-50m for men. The mortar is mounted on a trailer with two rubber tires which are detached when the gun is in action. The breech-lock is mounted on a round base plate and the sighting mechanism is on the left side of the barrel.
